# An Invitation to Participate

## Invitation from the President

**DR. RAJENDRAN  
SABAPATHY**

Throughout the pandemic, as clinicians and ACC members, we adapted and continued our work of fulfilling the ACC mission to transform cardiovascular care and improve heart health. Cardiology professionals meet challenging times with resiliency and innovation each and every day. To do so, we balance innovation with tried and true care practices based on a solid clinical foundation.

In that spirit, the Kansas Chapter of the American College of Cardiology will present the 9th Annual Cardiovascular Symposium on Saturday, October 9, 2021 leading the way to a return to an safe in person learning environment! The meeting will again feature presenters who are leaders in the cardiology realm and will offer real world topics to conference attendees. Attendees include cardiologists, primary care physicians, fellows in training, nurses, nurse practitioners and physician assistants from surrounding areas.

We will again host a live meeting experience with speaker presentations, interactive panel discussions and a large Exhibition Hall in the pre-conference area just outside the general session room.

This event's exhibition and marketing opportunities are open to a variety of commercial supporters (e.g. companies). The return to a live meeting provides opportunities to have chat with attendees and distribute product information at your exhibit booth. We will also have our poster display in the exhibitor area.

I ask for your continued support of the Kansas ACC Cardiovascular Symposium. We appreciate your longstanding support and would love to welcome you back in 2021 as an exhibitor.

Very Sincerely,  
*Rajendran Sabapathy, M.D., F.A.C.C.*  
KS-ACC Governor

## Keynote Speaker

**DR. EDWARD T.A. FRY**

Edward T.A. Fry, MD, FACC, attended medical school at Washington University School of Medicine in St. Louis and completed his residency in internal medicine at Barnes-Jewish Hospital. He completed a two-year cardiovascular research fellowship focused on pharmacokinetics/ pharmacodynamics of native and genetically modified plasminogen activators. He also completed a general cardiology fellowship at Washington University, where he then served as assistant professor and medical director of the cardiac transplant program before completing an interventional cardiology fellowship at Ascension St. Vincent Hospital – Indianapolis.

In 1991, he joined the cardiology practice at St. Vincent where he continues to be a busy interventional and general cardiologist and serves as chair of the Ascension National Cardiovascular Service Line. He helped launch Navion Healthcare Solutions, a subsidiary data quality management software company owned by Ascension, where he previously served as board chair.

Fry is past president and governor of ACC's Indiana Chapter. Within the ACC, he has served on the Audit and Compliance Committee (chair), Digital Strategy Steering Committee; Interventional Section Leadership Council; Surviving MI Initiative; Integrating the Health Enterprise Health Policy Work Group; Clinical Quality Committee; Prior Authorization Work Group; ACC Telemedicine Project; ACC COVID-19 Hub; Board of Governors Steering Committee; Innovations Development Work Group; ACC Premier Oversight Work Group (chair); Board of Trustees (BOT) Task Force on Clinician Well-Being; Health Systems Task Force; ACC/AHA Ethics and Professionalism Consensus Task Force, and ACC Nominating Committee. He has been a presenter, moderator and session chair at ACC Annual Scientific Session, ACC CV Summit, MedAxiom CV Transforum, Heart House Roundtables and is a member of HeartPAC, ACC's political action committee.

He currently serves on ACC's BOT and MedAxiom's Board of Managers.

# Schedule of Events & Faculty

7:45 AM	<b>Opening Remarks and Awards Presentation</b> Rajendran Sabapathy, M.D., F.A.C.C.
8:00 AM	<b>Keynote Speaker</b> ACC Update & Care Delivery in the Wake of COVID-19 Edward T.A. Fry, M.D., F.A.C.C.
8:30 A.M.	<b>Electrophysiology Session</b> Early Rhythm Control: The New Paradigm in Atrial Fibrillation Andrea Russo, M.D., F.H.R.S. Interesting EKGs with EP Dhanunjaya Lakkireddy, M.D., F.A.C.C., F.H.R.S. Rakesh Gopinathannair, M.D., F.A.C.C. Antiarrhythmics and Drug Interactions Rhea Pimentel, M.D., F.A.C.C., F.H.R.S., Katie Christensen, M.S.M., N.P., Adam Bevins, Pharm.D., B.C.C.C.P. Session Panel Discussion
10:00 AM	<b>Networking Break</b>
10:20 AM	<b>Heart Failure/Imaging Session</b> Management of Cardiogenic Shock Atman P. Shah, M.D., F.A.C.C. (Prashanth) Advances in Pharmacotherapies for Heart Failure Bhanu Gupta, M.D., F.A.C.C. & TBD, Pharm.D. Complex Transitions of Care in a Rural Setting Jeffery Curtis, M.D., F.A.C.C., F.A.C.P. & a Nurse Practitioner
11:20 AM	<b>General Cardiology Session</b> Hypertrophic Cardiomyopathy: Guidelines Update and Clinical Pearls Loren Berenbom, M.D., F.A.C.C. Novel Imaging Modalities for Plaque Evaluation James Min, M.D. Integrating Cardiac MRI as a Standard of Care in Diagnosing Difficult Cases Vasvi Singh, M.D.
12:30 PM	<b>Lunch &amp; Networking Break</b>
1:00 PM	<b>Interventional Session</b> Peripheral Artery Disease Ali Al Arab, M.D., F.A.C.C. Valve Guideline Updates Shawnee Mission Medical Center M.D., F.A.C.C. (Thaju) Renal Denervation Kamal Gupta M.D., F.A.C.C., F.S.C.A.I., R.P.V.I. (Charlie)
2:10 PM	<b>Closing Session</b> Cardiometabolics of Weight Loss Surgery Wanda Kaniewski, M.D. & Kirit Masrani, M.D., F.A.C.C. Expanding Role of Outpatient Laboratories in Interventional Cardiology Raymond Datillo, M.D. (Prashanth) Fellows in Training Top 10 Clinical Trials Fellows in Training will provide an overview of the Top 10 Clinical Trials from 2020-2021.

**Ali Al Arab, M.D., F.A.C.C.**  
Olathe Medical Center,  
Olathe, KS

**Loren Berenbom, M.D., F.A.C.C.**

# Continuing Education Credit Information

## Objectives

### Electrophysiology:

- Understand the role of arrhythmia management in end-stage heart failure
- Understand the risks/benefits of his-bundle pacing
- Describe the impact of arrhythmias in cardiac sarcoid

### Heart Failure/Imaging:

- Understand the mechanisms of cardio-renal syndrome.
- Describe the role of CT-FFR in the evaluation of chest pain/ acute coronary syndromes.
- Describe and understand the care of a individual with concomitant cardiovascular and oncologic diseases.
- Understand the pathophysiology of aortic stenosis and nuances of imaging.

### Interventional Cardiology:

- Describe the role of complex high risk PCI in the modern cath lab.
- Understand the evaluation and treatment of venous disease.
- Understand the options for the surgical treatment of end-stage heart failure

### General Cardiology:

- Understand the management of patients with hypertrophic cardiomyopathy
- Describe common cardiovascular medication side effects/ interactions.

### Closing Session

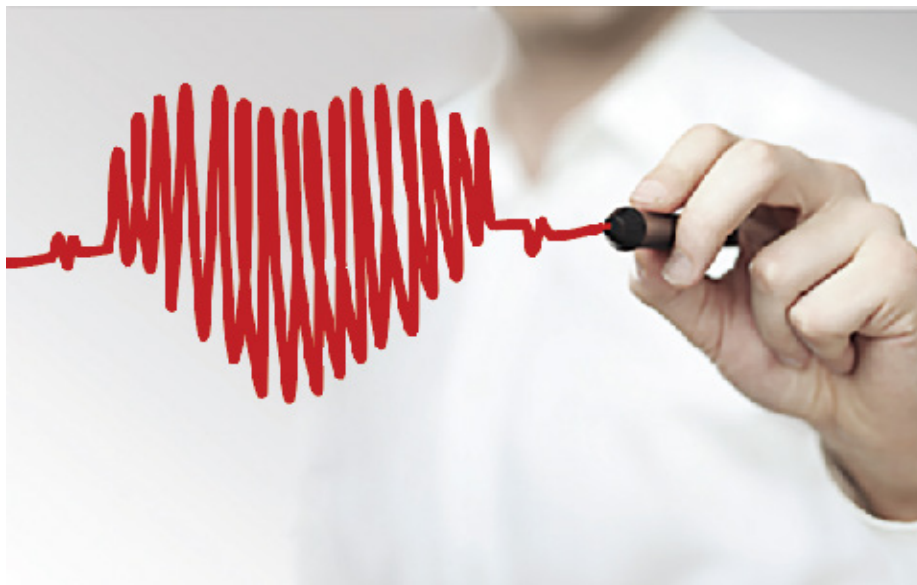

- Understand the management of patients with hypertrophic cardiomyopathy
- Describe common cardiovascular medication side effects/ interactions.
- Discuss the update on major trials of 2020-2021

## Continuing Education

All attendees are required to sign rosters at the beginning of each day. A certificate of completion will be provided to participants based on completion of the program evaluation, documentation of actual attendance time, and payment in full.

Physicians: This activity has been planned and implemented in accordance with the essential areas and policies of the Accreditation Council for Continuing Medical Education through the joint providership of the University of Kansas Medical Center Office of Continuing Medical Education and Kansas Chapter of the American College of Cardiology. The University of Kansas Medical Center Office of Continuing Medical Education is accredited by the ACCME to provide continuing medical education for physicians.

The KU Medical Center Office of Continuing Medical Education designates this live activity for a maximum of **6.0** AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity. Nurses: The University of Kansas Medical Center Area Health Education Center East, as an approved provider of continuing education by the Kansas State Board of Nursing, presents this offering for a maximum of **7.1** contact hour credit applicable for relicensure of APRNs, RNs and LPNs. Kansas Provider Number LT0056-0749. Continuing education credit will be prorated according to documented attendance.

# Exhibitor Information

## Why You Should Participate

In addition to providing continuing medical education, the symposium also hosts the opportunity for your company to have dedicated exhibit time to network with conference participants.

### Platinum –\$7,500

- Prime Booth Location – display of signage and verbal recognition
- Priority Signage in the Lobby
- Recognition from the podium during Opening and Closing Remarks
- Company contact information provided in event materials and on the symposium website
- Social Media recognition promoting your organization in advance of the meeting, day of and post meeting
- Six (6) exhibitor badges to attend the symposium (additional badges available for purchase)
- Pre-Conference Participant Directory via email 2 weeks prior to the symposium
- Pre-Conference Participant Directory via email 2 days prior to symposium
- Post-Conference Participant Directory via email within a week after symposium

### Gold –\$5,000

- Prime Booth Location – display of signage and verbal recognition
- Recognition from the podium during Opening and Closing Remarks
- Company contact information provided in event materials and on the symposium website
- Social Media recognition promoting your organization in advance of the meeting, day of and post meeting
- Four (4) exhibitor badges to attend the symposium (additional badges available for purchase)
- Pre-Conference Participant Directory via email 1 weeks prior to the symposium
- Pre-Conference Participant Directory via email 2 days prior to symposium
- Post-Conference Participant Directory via email within a week after symposium

## Who Will Attend

Cardiologists, primary care physicians, fellows in training, nurses, nurse practitioners, physician assistants, pharmacists and other health care providers.

### Silver –\$2,500

- Regular Exhibit Booth and Location
- Three (2) exhibitor badges to attend the symposium (additional badges available for purchase)
- Post-Conference Participant Directory (.pdf file) via email within a week after symposium

If you have questions, contact Beth Quick-Andrews, CAE or Kelly Tuttle via phone at 877-954-7008 or via email at [exhibits@ksacc.org](mailto:exhibits@ksacc.org)
